Integrity Outswing French Door

Outswing French Door

Integrity Windows and Doors introduces the *NEW* Outswing French Door. An Ultrex exterior combined with stainless steel multi-point locks and fasteners complimented with optional PVD finishes make this door the excellent product for any coastal region. Forget about wood panels, vinyl cladding, and roll form aluminum, Ultrex outmatches whatever elements nature sends knocking. Finally, a coastal door solution you can trust from Integrity Windows and Doors.

- Superior Ultrex exterior, a pultruded fiberglass material, and Low E II glass delivers durable ENERGY STAR performance to the home
- Beautiful wood interior with furniture grade fit and finish for a rich warm interior
- Handle sets available in White, Almond Frost, Brass PVD, Satin Nickel PVD, and Oil Rubbed Bronze. PVD offers the highest grade finish in the industry for additional corrosion protection
- Dual weatherstrip between the frame and jamb create a positive seal from the elements for a WDMA Hallmark certified DP50 product
- Powder coat adjustable hinges match the exterior Ultrex finish - optional coastal grade Brass and Satin Nickel hinges are available
- Handle operated stainless steel multi-point lock and fasteners provide for years of easy trouble free operation
